WHO WE ARE

Men in Sheds MK is part of the global Men's Sheds movement. We're affiliated to the UK Men's Sheds Association—15,000 members strong across 1000+ Sheds. Our Kiln Farm Shed is one of the UK's largest, promoting wellbeing through hobbies, skills, and community projects in a safe, welcoming space.

The majority of our members are retired but wish to put their time and effort into supporting the local community.

The Shed provides opportunities for social interaction and seeks to provide a safe and harmonious environment for people from all walks of life.

FACILITIES

The Shed provides facilities for woodworking, metalworking, model making, stained glass, model railways, fabric work and painting and drawing.

There are also opportunities to join the Makerspace group whose members have access to 3D printers, laser cutters and electronics equipment.

The charity works in an informal way without any paid employees and is open up to four days a week. Members are encouraged to share their vast knowledge and experience with others.
